London & Capital UK Star Equity Fund (the “Fund”) Class X GBP Income Shares (ISIN: IE00BYNVJ006)

The Fund is a sub-fund of GemCap Investment Funds (Ireland) plc (the “Company”) Gemini Capital Management (Ireland) Limited, an authorised UCITS management company, act as manager to the Company

Objectives and Investment Policy

The investment objective is to seek to provide growth through investment in an optimal mix of top-tier UK equities. Investments will be made in what the Investment Manager considers to be “star equities” i.e. listed equity instruments of companies that trade in UK-based stock exchanges and have strong franchises, global operations, stable earnings and solid balance sheets, which are believed to be resilient to market declines by, for example, experiencing lower drawdowns and less portfolio decline during periods of market turmoil (commonly known as “tail-risk” events).

The Fund will generally invest on the basis of its view that the value of a security will grow but may also take positions in specialist financial techniques (known as derivatives) in order that the Fund may, for risk management purposes, gain should the value of certain securities drop. The Fund may invest in derivatives to manage risk in the Fund and protect the Fund’s value in the event that the value of its investments fall and/or manage the Fund more efficiently. The use of derivatives will involve leverage.

Dividends may be declared out of the capital of the Fund in order to preserve cash flow to Shareholders. In any such case, there is a greater risk that capital may be eroded and distribution will be achieved in a manner that foregoes the potential for future capital growth of your investment. This cycle may continue until all capital is depleted. Distributions out of capital may have different tax consequences to distributions of income and the Directors recommend that you seek your own tax advice in this regard.

You may redeem your Shares on demand on any business day that is a United Kingdom and Ireland banking day.
